

Closing Keynote & Beverage Hall

Friday, September 24, 2021 11:00 AM (1 hour)

This event marks the end of Linux Plumbers 2021. We will take a look back at Linux Plumbers 2021, our challenges in organizing it and what our hopes for Linux Plumbers 2022 are.

During Monday's opening keynote we had the chance to look back on the last 30 years of Linux. In the closing keynote we will concentrate on the future of Linux instead. And this requires your input too! We would like to hear what you think will happen with Linux in the future. So please fill out our "Linux Prediction Survey" at https://docs.google.com/forms/d/e/1FAIpQLSc6mfLXCXQLY6NfT5apbtu2dZVSQHBESVpDxbxqrBP5HnpfTA/viewform?usp=pp_url We will discuss the results in this session.
