Using Rust in the binder driver

Wednesday, 15 November 2023 15:45 (25 minutes)

In this joint talk by the maintainers of C binder and Rust binder, we will give motivation for why the binder driver is a good place to use Rust, and we will discuss the experience of using Rust in the Linux kernel.

Please see the RFC for more information: <https://lore.kernel.org/rust-for-linux/20231101-rust-binder-v1-0-08ba9197f637@google.com/>
