BPF Memory Model, Two Years On

Monday, 13 November 2023 12:00 (30 minutes)

What has happened with the BPF Memory Model, two years after the presentation [1] at the Networking and BPF Summit held at the 2021 Linux Plumbers Conference?

Until recently, not much!

But that has changed, so much so that this presentation will cover a more detailed proposal for a BPF memory model.
