Improving testing of RDMA with syzkaller, RXE and Python

Thursday, November 15, 2018 3:00 PM (30 minutes)

Problem solve RDMA's distinct lack of public tests.

Provide a better framework for all drivers to test with, and a framework for basic testing in userspace.

Worst remaining unfixed syzkaller bugs and how to try to fix them.

Presenters: GUNTHORPE, Jason; OSHEROVICH, Noa

Session Classification: RDMA MC
