libtrace - making libraries of our tracing tools

Monday, September 9, 2019 12:22 PM (22 minutes)

I would like to discuss how to implement a series of libraries for all the tracing tools that are out there, and have a repository that at least points to them. From libtrace, libperf, libdtrace to libltng and libbaletrace.

I agree to abide by the anti-harassment policy

Yes
