The LLVM/GCC BoF

Jeremy Bennett

Do you use GCC and/or LLVM?

A) GCC

B) LLVM

C) Both

D) Neither

EMBECOSM®

Do you _develop_ GCC and/or LLVM?

A) GCC

B) LLVM

C) Both

D) Neither

EMBECOSM®

Which other tools do you use?

A)   GDB

B)   LLDB

C)   GNU ld/gold

D)   LLD

E)   GNU binutils

F)   LLVM binutils

EMBECOSM®

Which other tools do you _develop_?

A) GDB

B) LLDB

C) GNU ld/gold

D) LLD

E) GNU binutils

F) LLVM binutils

How can we improve cooperation

- Joint work on language standardization

- Maintaining ABI compatibility

- Interoperability between tools and libraries
  - e.g build with gcc and link with lld

- Communication channels
  - shared bugzilla
  - joint mailing lists

EMBECOSM®

What are your priorities for cooperation?

A)   Language standards

B)   ABI compatibility

C)   Interoperability

D)   Communication channels

E)   Other

F)   None of the above

Would you lead one of these initiatives?

A) Yes - personally

B) Yes - my company

C) I would support someone else

D) No

EMBECOSM®

Thank You
